Acknowledgement & Acceptance of Risks and Liability Release (Please Read Carefully)

WARNING: Be aware that a ski-boot-binding system will not release or retain at ALL times or under ALL circumstances where releases or retention may prevent injury or death, nor is it possible to predict every situation in which it will release, and it is, therefore, no guarantee of your safety. If snowboards, Nordic snow shoe or ski board equipment is being furnished, I understand that the systems will not ordinarily release during use, nor is it specifically designed to release as a result of forces induced during ordinary operation and is therefore absolutely no guarantee for safety. The use of any ski equipment is an inherent risk of the sport. All forms of alpine skiing and alpine activities are hazardous. Falls and injuries are a common occurrence therefore requiring the deliberate and conscious control of your physical body through proper use of alpine equipment in relation to ever-changing variables and dangers. Safety is directly affected by your judgment in the severe elements of rough, high-mountain, forest terrain. Ski or ride only within your own ability. Be alert to continually changing weather, visibility and surface conditions and other inherent risks including but not limited to existing and changing snow conditions, such as ice, hard pack, powder, packed powder, slush, granular, corn, crust, cup-up and machine made snow; surface or subsurface conditions such as dirt, grass, bare spots, forest growth, rocks, stumps, trees, and other natural objects and collisions with or falls result in from such natural objects; lift towers and components thereof; lifts, sign posts, fences, mazes, or enclosures; hydrants, water or air pipes (all the forgoing whether above or below the snow surface), snowmaking and snow grooming equipment; marked or lighted trail maintenance vehicles and snowmobiles; other man-made structures or objects and their components, and collisions with, or falls resulting from, such man-made or natural terrain modifications and features; the presence of and collisions with other skier/riders; and failure of others to ski/ride safely, in control or within their own ability.

RENTER'S RESPONSIBILITIES FOR THE EQUIPMENT

- I accept for my use as is the equipment listed on this form and accept full responsibility for its care while in my possession.
- I will be responsible for replacement at full retail value of any equipment rented under this agreement, which is not returned, and grant this ski area the right to use any deposit/credit card information to recover such loss.
- I agree to reimburse and hold harmless this rental shop for loss or damage of any kind, other than responsible wear and tear, which results from my use of this equipment.

There will be no refunds on single or multiple day rentals. All rental equipment is nontransferable. Please present your copy of this agreement when returning or exchanging equipment. I have made no misrepresentation in regard to my height, weight, age and skier type or clinic level and I understand that this information may be used to select or adjust my equipment.
